

Beckingham Parish Council
Email Annual Meeting of the Parish Council
Wednesday 6th May 2020

When the world returns to normal we will have to prove that in the meantime we have shown due diligence to the principles of parish governance, most important that all Councillors have had the opportunity to decide on matters for resolution.

Therefore, could you by email indicate your decision on any item by 13th May latest and again a no return will be taken as assent.

Also, could I encourage you to reply on all points. I will put together minutes which will act as an important aide-memoire for when we get back to normal – when!!

Agenda
