"It is important that we diversify and increase product ranges to offer customers, so that we can attract new people from the surrounding market towns and Lincoln. We are working hard to secure the future of the Post Office for the village of Leadenham. A number of village Post Offices have been seen to close or turn from independents to a 'local post office', this could mean potentially reduced business hours, reduced services or even relocation." says Miss Katie Mace.

Flower and gift shop now open!

Parents - what do you think?

Are there other parents in the village frustrated by the amount of time their children are spending inside on games and screens rather than outside, especially now that the weather is better and the days longer. It is frustrating that we do not have a place where the children can play and meet, the present playing fields are not suitable and I for one am not comfortable with them being out of the main village area. I feel the playing fields should be back on the poor fields. We have no sports facilities. Perhaps as parents we could make a group e mail where we get the kids out the house by arranging things for them to do, skate boarding, football, badminton, basketball, taking them to tennis or even paddle boarding in the river, I know they will complain but they might actually enjoy it too!

Red Cross Collection.

The recent Red Cross collection in the village raised a total of £144.36. Most of the money collected for the Red Cross in Lincolnshire goes towards local projects. These include: the disabled living centre in Grantham, which is a source of equipment and advice for disabled persons; support for refugees and asylum seekers; first aid ambulances for events; first aid courses; support for those who need emotional and practical help with independent living.

Thank you to all who gave generously!
